Report on Accountability

Thank you for the opportunity to work with you to promote accountability, integrity and openness in government. The State Auditor's Office takes seriously our role of providing state and local governments with assurance and accountability as the independent auditor of public accounts. In this way, we strive to help government work better, cost less, deliver higher value and earn greater public trust.

Independent audits provide essential accountability and transparency for Fund operations. This information is valuable to management, the governing body and public stakeholders when assessing the government's stewardship of public resources.

The attached comprises our report on the Fund's compliance and safeguarding of public resources. Our independent audit report describes the overall results and conclusions for areas we examined. We appreciate the opportunity to work with your staff and we value your cooperation during the audit.

Sincerely,

TROY KELLEY
STATE AUDITOR

Results in brief

In the areas we audited, Fund operations complied with applicable requirements and provided adequate safeguarding of public resources. The Fund also complied with state laws and regulations and its own policies and procedures in the areas we examined.

About the audit

This report contains the results of our independent accountability audit of the Washington Counties Insurance Fund from January 1, 2015 through December 31, 2015.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

Our audit involved performing procedures to obtain evidence about the Fund's uses of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters.

In keeping with general auditing practices, we do not examine every transaction, activity or area. Instead, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. The following areas were examined during this audit period:

- Open public meeting
- General revenues and expenditures
- Financial condition
- Third party receipting
- Travel
- Significant accounting systems: payroll, disbursements, and Third Party Administrator monitoring

INFORMATION ABOUT THE FUND

The Washington Counties Insurance Fund was formed in 1958 by the Washington State Association of Counties as a means of pooling the cost of employee benefits such as medical, dental, vision and life insurance coverage for counties and special purpose districts throughout the state. In 1985 the Fund Board of Trustees hired its own professional employee benefits staff to direct the efforts of the Fund, set future goals, install cost containment measures, research available coverage, develop administrative guidelines for member employers and manage Fund investments.

The Fund is governed by a 20-member Board of Trustees who represent the member counties and local governments. Daily operations of the Fund are run by an Executive Director, Deputy Director and six employees. The Fund's annual operating budget is approximately \$2.2 million.
